

**Plans for the Use of ESER III Funds:**

The United States Department of Education (USED) is requiring two plans from all recipients of ESER III funds:

- 1) A plan for the safe return to in-person instruction** and continuity of services  
The requirement for this plan is likely met by your District Reopening Plan submitted to DESE in August of 2020, along with any subsequent amendments (see Tab 3 Assurances). It will need to be revisited and revised as necessary every 6 months, including soliciting stakeholder input and considering changes to CDC guidance.
- 2) A plan for the Use of ESER III Funds**, based on broad stakeholder input, and addressing the following:
  - The district's **prevention and mitigation strategies**, including extent district has adopted CDC recommendations: **(Step 4.4)**
    - How the district will use its **20% reservation of ESER III funds to address loss of instructional time with evidence-based interventions (Step 4.2 and Tab 6, Budget)**
    - How the district will spend the remainder of its ESER III funds for **allowable expenditures (Tab 5) and budget (Tab 6)**
    - How the use of ESER III funds will respond to the **academic, social, emotional and mental health needs** of all students, especially **those disproportionately impacted by the COVID-19 pandemic (Tab 4.2, Tab 4.3)**, including:
      - students from low-income families
      - students of color
      - English learners
      - students with disabilities
      - students experiencing homelessness
      - students in foster care
      - migratory students
      - students who are incarcerated
      - other underserved students

**This application, when fully and thoughtfully completed, along with your District Reopening Plans, will constitute the plans required by USED.** These plans must be published on your website and must be accessible to families in a language they understand, either translated in writing or orally, as well as in an accessible format for those with disabilities.

**You should expect that DESE will be collecting data and other information from you as a result of implementation of your plans for and use of ESER funds.**

Step 4.1 of 4.4	ESER III regulations require that the stakeholder groups below be meaningfully consulted as part of the planning process for use of ESER III funds. **Step 4.2 of 4.4 Evidence-Based Strategies, Interventions, and Supports:**  
Describe how ESER III funds, including the required 20% reservation, will be used to respond to students' social, emotional, and academic needs through evidence-based interventions, how progress will be measured, and how/if chosen interventions address disproportionate impact of COVID-19 on underserved subgroups. Select from the following list of evidence-based interventions and provide a narrative at the bottom of this step for any of your district's evidence-based initiatives that are not listed. **Note: Your district's 20% reservation to address loss of instructional time must be spent on evidence-based interventions.**
